## ULTRASOUND GUIDED **REGIONAL ANESTHESIA**

April 6-7 2024

Bedford, PA

RemCare Anesthesia Solutions Presents

## ULTRASOUND GUIDED **REGIONAL ANESTHESIA**

April 6-7, 2024

Bedford, PA

# DESCRIPTION

Come join us in beautiful central Pennsylvania to attend the region's premier ultrasound guided regional anesthesia course. This course is unique in that it is designed for and exclusively taught by CRNAs. Created as an introduction to the art of ultrasound guided regional anesthesia, this course will provide you with the foundation of knowledge and clinical skills necessary to begin providing safe and effective regional anesthesia upon your return to your home facility.

Lectures will cover the fundamentals of ultrasound technology and its application to regional anesthesia, appropriate and safe use of local anesthetics, and the impact of thromboprophylactic drugs on clinical practice. Ten fundamental regional techniques will be presented in detail. Each day of the conference will focus on 5 techniques divided by upper and lower body. Assessment of the clinical effectiveness of regional techniques will also be detailed.

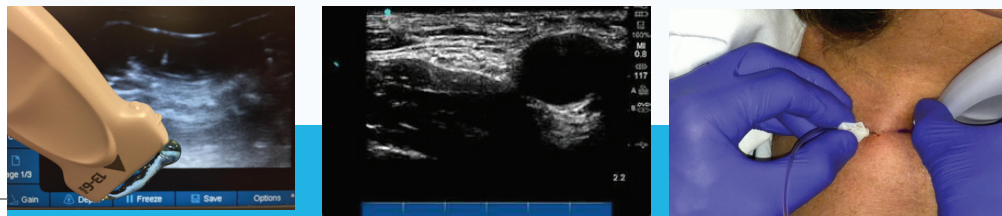

Hands on practice sessions will be conducted in small group settings. You will scan live subjects to develop your ultrasound scanning skills and improve your identification of the sonoanatomy of the upper and lower body. You will develop your hand to eye coordination and needling skills using phantom practice mediums. Experienced staff will be available at each station to guide you and facilitate your learning.

Join us at the award-winning Omni Bedford Springs Resort located in the scenic Allegheny Mountains of Pennsylvania. You can relax in the old-world charm of the historic resort while enjoying all the modern comforts. The resort provides a host of amenities, from the world-class spa, to the relaxing indoor and outdoor pools, and a variety of fabulous restaurants.

# OBJECTIVES

## Upon completion, participants should be able to:

- Understand the basics of ultrasound technology and its application to the scanning of neurologic, vascular, and other anatomic structures
- Learn and recognize anatomy and sonoanatomy of the anterior trunk, upper extremities and lower extremities
- Demonstrate basic scanning techniques and needling skills
- Discuss and apply ultrasound scanning and needling techniques to the performance of anterior trunk, upper extremity, and lower extremity nerve blocks
- Understand the appropriate and safe use of local anesthetics for peripheral nerve blocks
- Verbalize the impact of thromboprophylactic drugs on clinical practice based on the latest ASRA recommendations

## CONTINUING EDUCATION CREDIT STATEMENT

*This program has been prior approved by the American Association of Nurse Anesthesiology for 15.00 Class A CE credits; Code Number 1042843; Expiration Date 4/07/2024.*

*AANA designates this program as meeting the criteria for up to 1.75 CE Credits in Pharmacology/Therapeutics*

*AANA is an approved provider by the California Board of Registered Nursing, CEP #10862.*

## BONUS MATERIAL

### OUTPATIENT TOTAL JOINT REPLACEMENT

Since 2013 RemCare Anesthesia has run a successful outpatient joint replacement program. We have provided anesthesia for over 2000 total joint patients with most being discharged home within 3 hours. We will be available to discuss all aspects of our total joint program with any conference attendee.

## SATURDAY AGENDA

- 0700 – 0745** Registration and Continental Breakfast
- 0745 – 0800** Opening Remarks
- 0800 – 0900** Ultrasound Physics and TAP Block
- 0900 – 1000** Ultrasound Application and Scanning
- 1000 – 1015** Break
- 1015 – 1215** Ultrasound Guided Upper Extremity Nerve Blocks
- 1215 – 1300** Lunch
- 1300 – 1630** Skills Stations
- 1630 – 1645** Closing Remarks

## SUNDAY AGENDA

- 0700 – 0745** Registration and Continental Breakfast
- 0745 – 0800** Opening Remarks
- 0800 – 0900** Local Anesthetic: Block Application and Toxicity Management
- 0900 – 1000** Anticoagulants and Additives
- 1000 – 1015** Break
- 1015 – 1215** Ultrasound Guided Lower Extremity Nerve Blocks
- 1215 – 1300** Lunch
- 1300 – 1630** Skills Stations
- 1630 – 1645** Closing Remarks

## CANCELLATION POLICY

Cancellations less than 30 days before a conference will incur a 50% processing fee. No refunds will be given for cancellations made less than 10 days before a conference. Substitutes are accepted at any time. RemCare reserves the right to cancel or postpone this course because of insufficient enrollment or other unforeseen circumstances.

## HOTEL

Accommodations are the responsibility of the course participant. A block of rooms has been reserved for conference attendees at a special rate.

### Omni Bedford Springs

To make reservations for the reserved block of rooms use the link:  
<https://www.omnihotels.com/hotels/bedford-springs/meetings/remcare-anesthesia-ultrasound-course-04052024>

The link can also be found on our website [www.remcareanesthesia.com](http://www.remcareanesthesia.com).

## FEES

CRNA Course Fee – \$900

SRNA Course Fee - \$700
